REAR TUFF DUCK SLIP COVER

FITS 1979-1985 FJ45/47 TROOPY

PLEASE READ INSTRUCTIONS BEFORE INSTALLATION

Warm up slip covers in the sun till they are soft and warm before installation. Or you can put slip cover inside pillow case and put in clothes dryer for a few minutes. Be careful to close the pillow case so the slip covers do not come in contact with the dryer drum, other wise you will melt the backing on this slip cover.

Be sure the hook and loop strips sewn on the underside of each cover are separated. On the underside of each cover there is a tag with a B or a C on it. B is the backrest (long cover) and C is the cushion (small cover). PLEASE NOTE: On the top of each backrest cover there is a cutout for the seat strap.

INSTALLATION INSTRUCTIONS

- STEP 1. Snugly fit a cover over each backrest. NOTE: The hook strip (rough surface) should be at the back and the loop strip (soft surface) should be facing you at the bottom of the cover. You might have to squeeze the backrest slightly to get the cover over the top and bottom corners.
- STEP 2. Fold the hook and loop flaps around the bottom of the backrest and securely mate.
- STEP 3. Snugly fit a cover over each cushion. The bottom cushion seam has a cord, pull and tie to finish installation.
- STEP 4. Fold the hook and loop flaps on the bottom of the cushion and securely mate.

CARE INSTRUCTIONS

Cold water wash, line dry. May be dry cleaned, no trichlorethylene.

NOTE: If covers are left in direct sunlight for extended periods of time covers will tend to fade.
