PLEASE READ INSTRUCTIONS BEFORE INSTALLATION

Warm up slip covers in the sun till they are soft and warm before installation. Or you can put slip cover inside pillow case and put in clothes dryer for a few minutes. Be careful to close slip cover so the slip covers do not come in contact with the dryer drum, other wise you will melt the backing on this slip cover.

Please note: 62 series have headrests, 60 series do not. If you have a 62 series, be sure the hook and loop strips sewn on the underside of the headrest covers are not attached.
