#309-850-FGD
FJ CRUISER FRONT SEAT SLIP COVERS
FITS 2006 & LATER FJ CRUISER

PLEASE READ INSTRUCTIONS BEFORE INSTALLATION

INSTALLATION INSTRUCTIONS

1. Remove the headrests. Install the front seat slip covers over the backrest.
2. Snugly fit the slip covers over the backrest and around the armrests. Note side flaps are for airbag deployment.
3. Fit the flap or tongue through the center opening between the the bottom cushion and the backrest, from front to back. Be sure the flap goes all the way through to the back.
4. Install the bottom part of the slip cover to the bottom cushion, insert the slip covers into the corners of the front bottom bucket seat, then pull the bottom of the covers back, making sure that the side strip goes under the bottom of the seat adjuster and connects to the hook & loop strip on the back of the flap you pushed between the bottom and back seat.
5. Fit the armrest covers with the armrests in the down position.
6. Install headrest covers with hook and loop closures at the bottom, reinstall headrests covers to bucket seat.

After a few days of normal use the covers will conform to the countour of your seat. When properly installed, the tags on the back seat pockets should be facing each other.

CARE INSTRUCTIONS

Cold water hand wash with mild soap, line dry.

NOTE: if covers are left in direct sunlight for extended periods of time covers will tend to fade.
